

BenQ Interactive Flat Panel & Digital Signage Series

JUNE 2014

Interactive Flat Panels – IL Series

Implementing an open system dubbed as an agnostic panel system, which allows seamless integration with various interactive software, BenQ delivers a future proof system with the IL-series. The IL-series commercial grade large-screen display utilizes LED backlighting to deliver environmental and functional benefits. Featuring a full-HD model built with two 12W speakers and up to 6-point touch recognition, the IL-series enhances the interactive experience.
