

MANUAL TAB-TENSION PRO CINEGREY 5D®

The **Manual Tab-Tension Pro CineGrey 5D®** by Elite ProAV® is a tab-tensioned manual pull-down projection screen. It is offered in our Cine-Grey 5D® material, a ceiling/ambient light rejecting front projection surface for environments with minimal light control. The Manual Tab-Tension Pro has a tab-tension system to keep the screen material flat and taut uniformly. The aluminum housing for the Manual Tab-Tension Pro CineGrey 5D® projection screen is moisture resistant. It is compatible with short throw and standard-throw projectors.

Screen Material

- Ceiling/Ambient Light Rejecting 1.5 Gain projection material
- Multi-layer matrix uses reflective and absorbent micro-particles eliminate up to 75% of ambient light
- High-contrast diffusion layers (Enhance black level dynamic range and color saturation)
- Angular reflectivity negates light scatter artifacts and is ideal for residential or commercial applications
- 4K Ultra HD, Active 3D, and HDR Ready
- ISF Certified for Accurate Color Reproduction
- Available in diagonal sizes 106", 125" and 140" in 16:9 format
