

T3-PC1-CP & T3-AC2-CP

Table Boxes with Pre-installed Pull-out Cables

FSR

Metal Products Group

T3-PC1-CP / T3-AC2-CP

PRELIMINARY SPECIFICATIONS

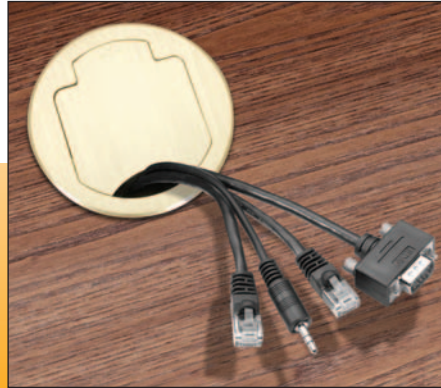

T3-PC1-CP

Shown with round cover in aluminum.

T3-AC2-CP

Shown with round cover in black.

T3-PC1-CP

Shown with round cover in brass.

DESCRIPTION

The T3-PC1-CP and T3-AC2-CP are ideal table boxes for desktop and laptop PC users, where convenient access to network drops, AC power sources and video/audio displays is required. The small footprint provides an un-obtrusive complement to any décor. Integral pull-out cables are included.

The T3-PC1-CP allows the user to connect their Laptop or PC to AC power and an external video display and house sound system as well as "link up" with network and phone lines.

The T3-AC2-CP primarily allows quick, convenient access to AC power outlets and pre-installed network cables for up to two computers or laptops.

Both models allow the user to pull out the appropriate cables from the unit's compartment and connect their Laptop or PC. The cables extend out to reach the equipment. AC power outlets in the compartment provide an AC source for PC's and laptops. When the user is finished, the cables are returned to the compartment for safe keeping. No more "Cable napping". Cables always stay safely and securely tucked away when not in use.

The AC power cord that feeds the outlet(s) has a convenient plug at the end of the 9' cable that is simply plugged into a local wall outlet eliminating any costly line voltage wiring. Hardwire versions, where a hole for a conduit feed through and lugs on the back of the AC outlet(s) are available to meet certain code requirements. (See ordering table for details)

Both of these stylish table boxes will fit a round 3½" opening with simple installation using a standard drill.

Round or square covers are available in brushed black, or brushed aluminum. (Either model can be special ordered in brushed brass.)

FEATURES

- Can be matched to nearly any décor with Black, Aluminum or special order Brass Top
- Easy and flexible installation
- Fits a 3½" hole. ¾" to 2½" table thickness
- Cables cannot be removed by the user
- Built to Last CNC Milled solid cover
- Hardware and tie wraps included
- Rugged 16 gauge-galvanized steel chassis
- Cables pre-installed and ready to use
- No annoyance factor cover opens 96° so it stays open
- Rubber grommets for quiet closure
- "Mouse hole" allows cover to be closed during use

The T3-PC1-CP includes:

- 1 AC Power outlet with 9' Cord and plug
- 1 HD15 male to HD15 male Computer Video cable 5'
- 1 Stereo mini jack male to Stereo mini jack male cable 5'
- 2 RJ-45 to RJ-45 CAT-5e (EIA/TIA568B) cables 9'

The T3-AC2-CP includes:

- 2 AC Power outlets with 9' Cord and plug
- 2 RJ-45 to RJ-45 CAT-5e cables (EIA/TIA568B) cables 9'

All cables are pre-installed and tested at the factory. Cable lengths are measured while cables are fully extended.

Both styles can be installed in tables ¾" to 2½" thick and are shipped with the necessary installation hardware.
